

MOUNTAIN SPARK GAPS

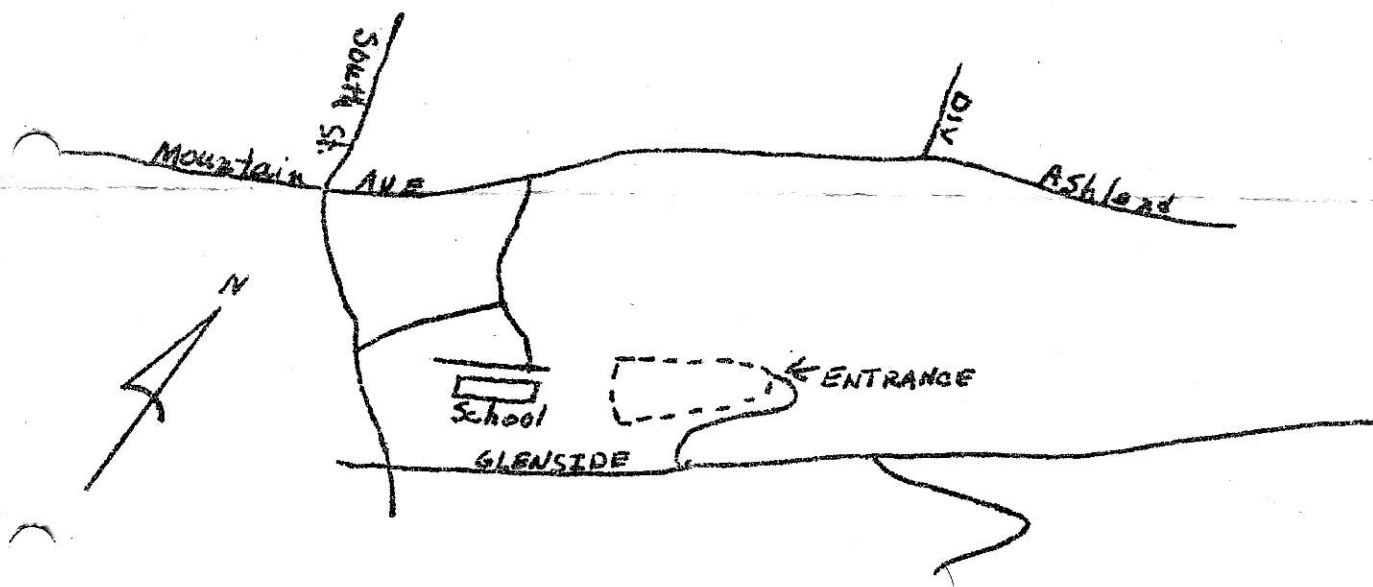

NEW PROVIDENCE AMATEUR RADIO CLUB

June 24, 1966

FIELD DAY EXTRA!

THINGS YOU SHOULD KNOW ABOUT FIELD DAY

The Place ... is the former Nike Radar Base off Glenside Avenue, nearby to Governor Livingston Regional High School. Entrance off Glenside Avenue ONLY.

The Dates ... are Saturday, June 25, through Sunday, June 26. Please report by 9 a.m. in order that antennas can be erected and stations set up and checked out in time to go on the air at 5 p.m. Operations then will be continuous until 5 p.m., Sunday.

Bring With You ... your license, your lunch for Saturday noon and your eating utensils. If possible bring with you any gallon or larger containers filled with water. There is no water on the base so we will have to bring in what we need.

Club Will Provide ... dinner on Saturday and breakfast and lunch on Sunday, with the cost being pro-rated among members. Quite likely there will be a midnight snack and there will be continuous coffee.

Report To Your Band Chief as soon as possible:

Al Hirsch - SSB-Phone - 75 & 40
John Sheetz - SSB-Phone - 20 & 15
Dave Griffiths - AM Phone - 6 & 2
Bob Latter - CW - 80 & 40

Band Chiefs should provide themselves with an operating table, two chairs.

Important ... Each station will be operated at only one frequency at any one time. Band Chiefs will set up schedules of operation on each band covered at his station, which will be determined by their possible activity. Schedules should be "stuck-to" as much as possible to prevent band-hopping with excessive time losses. Remember: this is not a DX contest ... the close ones count just as much as the distance ones.

LET'S TRY FOR AN EVEN BETTER SCORE THAN LAST YEAR FOR W B 2 R M W ! ! !
